Jim Kornmehl
Projex Group Pty Ltd
PO BOX 98
MATRAVILLE NSW 2036

Dear Jim,

I was delighted to hear that Projex, on behalf of its staff and customers will be donating \$5000 to Sydney Children's Hospitals Foundation this Christmas. Our Christmas Appeal is named 'Light Up Christmas' and aims to help light the way for sick kids in Hospital this festive period.

Sydney Children's Hospitals Foundation has a vision to ensure that every child - now and in the future - can access world-class medical care whenever they need it.

The Foundation funds the clinical care that sick kids need now, so they have the best possible treatment and hospital experience. We also invest in pioneering research that will change and save more lives in the future. By discovering better ways to diagnose, treat and prevent childhood disease and injuries, we also help future generations of children to come.

Our success is only possible because of the ongoing generous support of supporters like yourself and on behalf of the patients, parents and staff at Sydney Children's Hospital, Randwick we would like to say a huge thank you.

Wishing you a safe and restful festive period.

Olivia Jary.
